### Municipal Property Tax

File your Homestead Exemption with Cherokee County between January 1st and April 1st. City gives a Senior Tax Exemption (62 and older); Disabled Veterans Exemption, and Freeport Tax Exemption that are filed with the Cherokee County Tax Assessor.  
([www.cherokeega.com](http://www.cherokeega.com)- 678-493-6120)

City property tax bills are generally mailed in October and due on December 20th. City residents pay both County and City taxes. All assessments are done through the County.

Property purchased after January 1 is billed to the owner of record as of January 1. If you do not receive a tax bill contact the Woodstock City Tax Clerk at 770-592-6051 or e-mail the Tax Clerk at [tparrottcash@woodstockga.gov](mailto:tparrottcash@woodstockga.gov).

Stormwater fees are on your property tax bill. The fees are \$50.40 per year for residential and \$50.40 per year per ERU for non-residential. One ERU = 2700 square feet impervious. (Even those who are tax exempt must pay the stormwater utility fee!)

## What is a Stormwater Utility?

An effective stormwater management program is required by law, but more importantly it is vital to a healthy environment. The City of Woodstock strives to have a top notch program through public education, ongoing inspection/maintenance of the drainage system and an up to date list of stormwater improvements projects. Benefits to property owners include helping to control stormwater runoff created by their property, decreasing incidents of flooding, controlling erosion, and minimizing the pollutants in stormwater runoff that end up in the creeks and rivers of Woodstock.

### Top 10 Things You can do to be a **Solution to Stormwater Pollution**

1. Never dump anything down a storm drain or into a drainage ditch.
2. Recycle motor oil & other vehicle fluids.
3. Throw litter in its place.
4. Clean up after your pet.
5. Check your vehicles for leaks (repair them!)
6. Dispose of household hazardous wastes at designated locations.
7. Compost yard clippings.
8. Use fertilizer and pesticide only when needed. (Read the label!)
9. If you wash your vehicle at home, do so on the lawn rather than on pavement.
10. Tell a friend or neighbor about how to prevent stormwater pollution and get Involved in your community.
